1. PURPOSE AND ACKNOWLEDGMENT

This Addendum No. 1 is issued to modify and clarify specific sections of the original Request for Proposals (RFP) for Special Education Transportation Services issued on November 2, 2026. All terms, conditions, specifications, and instructions set forth in the original RFP shall remain in full force and effect except as specifically modified herein.

MANDATORY INSTRUCTION TO PROPOSERS: Proposers must formally acknowledge receipt of this Addendum No. 1 by including a signed copy of this document with their submitted Non-Price Proposal package on or before December 2, 2026, at 1:00 PM EST. Failure to acknowledge this addendum may result in proposal rejection as non-responsive.

2. MODIFICATION TO PRICING STRUCTURE: ROUTE-BASED PRICING

The original RFP requirement for vehicle pricing is hereby formally modified to transition from flat daily vehicle pricing to **route-based pricing using the sample route sheets with an added pricing column**.

Specific Changes to Pricing Terms:

- **Previous Requirement (REMOVED):** ~~"Vehicle Pricing: Flat daily rate per vehicle for regular roundtrip transportation regardless of sending districts and school location(s)."~~

- **New Requirement (UPDATED): Route-Based Pricing:** Vendors must provide pricing by individual routes by completing the daily rate pricing column directly on the updated Sample Ridership / Route Sheets provided with the RFP materials. A daily route rate represents the complete roundtrip transportation cost for specified student runs, destinations, and schedules detailed on each route line.

3. REVISED SECTION: "PRICING REQUIREMENTS"

The Section titled **"PRICING REQUIREMENTS"** (and Section F of Proposal Submission Requirements) in the original RFP document is updated in its entirety as follows:
Vendors must provide daily rates for:

- **Routes (Route-Based Pricing):** Vendors must submit daily rates for each route utilizing the sample ridership/route sheets, which now include designated pricing columns for each individual route.
- **Monitor:** Daily rate per monitor when required by student-specific needs/IEPs.
- **Fuel Price Adjustment Mechanism:** A fuel price adjustment mechanism will apply to the awarded contract based on the U.S. Energy Information Administration (EIA) New England Regional Average on November 2, 2026. If the EIA average rises or falls more than $0.50 per gallon from this baseline, the Vendor or BICO may apply a daily vehicle adjustment. For every $0.25 increment beyond the $0.50 threshold, a surcharge or credit of $2.00 per vehicle, per day will be applied to the invoice.*The U.S. EIA New England (PADD 1A) regional average fuel value on November 2, 2026, is $4.145 per gallon for gasoline and $6.416 per gallon for on-highway diesel fuel, according to the U.S. Energy Information Administration.*
- **Additional Charges:** Any additional charges clearly defined.
